

FGI's T.R.U.S.T.™ - Make Your Policy Work for You

Maximize the Value of Your Credit Insurance Policy

Credit insurance is a powerful and reliable tool to help mitigate the risks associated with trade credit. We developed T.R.U.S.T.™ specifically to help corporations, brokers, and lenders manage credit insurance more effectively.

Recent Transactions

"With our monthly reporting requirements into our bank, we needed a solution that would provide accurate reporting but with minimal oversight. FGI's T.R.U.S.T.™ streamlined our policy management system, by automating processes that we would have otherwise done manually and saving us precious time"

**Alex Shirdel, President and CEO
Scadlock, LLC**

"The notifications and reporting ensure we are on top of our receivables. This tool has added value that we find to be an essential part of our management and monitoring of our aging and insured receivables. Highly recommend the services of FGI's T.R.U.S.T!"

**Ron Gilmore Coker, AVP of Finance
Patriot Memory**

"T.R.U.S.T.™ significantly simplified our policy management system, T.R.U.S.T.™ seamlessly integrated our aging Accounts Receivables from our accounting system into the software, saving us valuable time and enabling accurate reporting. FGI's T.R.U.S.T.™ software gives us the confidence that we are staying in compliance!"

**Warren Vogel, CFO
Ruggiero Seafood Inc.**

"We made the decision to implement T.R.U.S.T.™ based on FGI's knowledge of both credit insurance and our individual business needs. FGI's services have been a valuable asset to managing our credit, and their technology platform has taken it to the next level. There is so much more transparency now between us and our clients, boosting efficiency and aiding our expansion goals."

**Angel Hacker, Financial Accountant
Aviva Metals**

"FGI offered expert guidance when structuring our policy and when we needed to navigate the claim filing process, resulting in a successful, fully paid claim. Additionally, their T.R.U.S.T.™ platform saved us time and money by automating the management and monitoring of our policy, ensuring we were always in compliance with the carrier."

**John Kaiser, CFO
G&H Diversified Manufacturing**

"FGI understood our potential and did not shy away when others did. They structured a global credit insurance policy covering transactions in South America and the Middle East to help us safely manage our diverse portfolio. Their platform T.R.U.S.T.™ has enabled us to recover over \$140,000 in paid claims over the past three years."

**Mila Alexeeva, Accounts Department
Genebre Group SL**

The FGI Solution

Capabilities:

- Automates and monitors credit insurance policies from one central location
- Provides deadlines for filing claims
- Accommodates any number of clients and policies across multiple carriers
- Synchs policies to all major credit insurance providers directly
- Assists in the appeal and reinstatement of all canceled, denied, or reduced coverage for both public and private companies

Benefits:

- Maximize credit insurance coverage
- Minimize cost of premiums by reducing monitoring time and effort
- Optimize claim processing and payments
- Scale your business safely
- Manage policies in real-time
